## PROJECTS

- Resume Builder** **From:** May-20 **To** July-20  
Piranhas rarely feed on large animals; they eat smaller fish and aquatic plants. When confronted with humans, piranhas' first instinct is to flee, not attack.
- Fan Controlled using Bluetooth** **From:** Dec-19 **To** Mar-20  
Although most people consider piranhas to be quite dangerous, they are, for the most part, entirely harmless. Piranhas rarely feed on large animals; they eat smaller fish and aquatic plants. When confronted with humans, piranhas' first instinct is to flee, not attack.

## INTERNSHIP

- Internship at Google** **From:** Mar-20 **To** May-20  
Developing writers can often benefit from examining an essay, a paragraph, or even a sentence to determine what makes it effective. On the following pages are several paragraphs for you to evaluate on your own, along with the Writing Center's explanation.
- Internship at Lockheed Martin** **From:** May-20 **To** Nov-20  
Scientists' research has revealed that viruses are by far the most abundant life forms on Earth. There are a million times more viruses on the planet than stars in the universe. Viruses also harbor the majority of genetic diversity on Earth.

## ACHIEVEMENTS

- Was a part of State level football team
- Won many national and international level olympiads
- having a soft corner towards art
