PROJECTS

- Resume Builder** **From: May-20 To July-20**
Piranhas rarely feed on large animals; they eat smaller fish and aquatic plants. When confronted with humans, piranhas' first instinct is to flee, not attack.
- Fan Controlled using Bluetooth** **From: Dec-19 To Mar-20**
Although most people consider piranhas to be quite dangerous, they are, for the most part, entirely harmless. Piranhas rarely feed on large animals; they eat smaller fish and aquatic plants. When confronted with humans, piranhas' first instinct is to flee, not attack.

INTERNSHIPS

- Internship at Google** **From: Mar-20 To May-20**
Developing writers can often benefit from examining an essay, a paragraph, or even a sentence to determine what makes it effective. On the following pages are several paragraphs for you to evaluate on your own, along with the Writing Center's explanation.
- Internship at Lockheed Martin** **From: May-20 To Nov-20**
Scientists' research has revealed that viruses are by far the most abundant life forms on Earth. There are a million times more viruses on the planet than stars in the universe. Viruses also harbor the majority of genetic diversity on Earth.

ACHIEVEMENTS

- Was a part of State level football team
- Won many national and international level olympiads
- having a soft corner towards art
